"Synopsis The author follows an expert pool player on an amusing journey through the nation's elegant snooker clubs and smoky pool halls, where high- and low-rollers gamble on the game's best, most colorful players. Autorenkommentar The true story of my trip into the world of high-stakes poolHello! I'm David McCumber, author of *Playing Off The Rail*. If you love pool, we have a lot in common. I'm certainly not a great player, but I have always been fascinated by the game and the place it occupies in our culture. *Playing Off The Rail* was my effort to delve into the milieu of high-stakes pool and portray the characters, language and customs found therein. Since I couldn't play well enough to go 'on the road,' I found someone who could -- Tony Annigoni, a 'renaissance pool hustler' from San Francisco. Tony doesn't fit the stereotype of the hustler. He doesn't drink or smoke, is a student of history, philosophy and eastern religions, and views the game as a martial art. He's also a world-class wisecrack artist, so he made an interesting traveling companion. The book is the true story of our several-month trip around the country, finding high-dollar games and tournaments. We didn't always win, of course -- nobody does, on the road -- but we won our share, and had some unforgettable experiences along the way. I hope you enjoy the story! Über den Autor und weitere Mitwirkende David McCumber is an award-winning journalist, a former assistant managing editor at the San Francisco Examiner, and the founding editor and publisher of *Big Sky Journal*. He has worked for more than twenty years as a writer and editor at newspapers and magazines across the American West. He lives in Seattle, Washington."
