"Pressestimmen 'I deem Metaphor and Emotion to be a substantial work ? I believe that any literary-linguistic scholar interested in cognition, emotion or metaphor will find this work hugely rewarding.' Language and Literature'Metaphor and Emotion contains much that is interesting, even intriguing ? Though the book's emphasis is firmly on linguistic analysis, Metaphor and Emotion will also be rewarding and suggestive for philosophers, psychologists and anyone eager to look in more detail at the relative place of language, body and culture in the constitution of human emotions.' Philosophical Writings'? an informative, readable and at times entertaining overview of metaphor and culture.' The Psychologist Über das Produkt Many researchers claim that emotions arise either from human biology (i.e., biological reductionism) or as products of culture (i.e., social constructionism). This book challenges this division between the body and culture by showing how human emotions are to a large extent 'constructed' from individuals' embodied experiences in different cultural settings. Alle Produktbeschreibungen"

Get this from a library metaphor and emotion language culture and body in human feeling zoltán kövecses challenging the simplistic division between the body and culture by showing how human emotions are to a large extent constructed from individuals embodied experiences in different cultural settings

These emotion metaphors arise from recurring embodied experiences one reason why human emotions across many cultures conform to certain basic biological physiological processes in the human body and of the body interacting with the external world. Metaphor as a linguistic device increases the expressiveness of the language and hence should be a good device for the expressive meaning of emotions yet there have been very few studies on how metaphors are used to express emotion and the reason why metaphors effectively evoke emotions.
