The globalisation of capital markets has led to a sharp increase in the importance of International Financial Reporting Standards (IFRS) of the International Accounting Standards Board (IASB). The breakthrough of IFRS in the European Union (EU) occurred with the approval of the so-called IAS Regulation by the European Parliament and the Council of the European Union. In one fell

swoop, 7,000 companies were thus obliged to apply the standards of the IASB. This compact book contains all the official International Financial Reporting Standards (IFRS), International Accounting Standards (IAS) and Interpretations (SICs, IFRICs), approved by the European Union and thus mandatory for companies operating in capital markets. A handy reference for accountants, tax advisors, IFRS consultants, and companies applying IFRS.

The relevance of IFRS adoption in African developing economies remains a much debated issue. Chamisa 2000 found evidence that IFRS based financial accounting and reporting are key to gaining credibility for economically impoverished countries such as Zimbabwe and similar developing countries in the region. Bova and Pereira 2012 used limited data on Kenya to provide evidence of the potential. You have no items in your shopping cart order tracking search.
